TEAM MEMBER NAME	ABIYA BRITTOLIN M ABITHA K ASWINI D B
MENTOR NAME	BHARADWAJ

Brainstorm & Idea Prioritization Template:

Brainstorming provides a free and open environment that encourages everyone within a team to participate in the creative thinking process that leads to problem solving. Prioritizing volume over value, out-of-the-box ideas are welcome and built upon, and all participants are encouraged to collaborate, helping each other develop a rich amount of creative solutions.

Use this template in your own brainstorming sessions so your team can unleash their imagination and start shaping concepts even if you're not sitting in the same room.

①

Define your problem statement

What problem are you trying to solve? Frame your problem as a How Might We statement. This will be the focus of your brainstorm.

🕐 5 minutes

PROBLEM

How can we stop the
water flow after the fields
get enough water if our
network is disconnected?

Key rules of brainstorming

To run an smooth and productive session

😀 Stay in topic.   💡 Encourage wild ideas.

😐 Defer judgment.   👂 Listen to others.

🔢 Go for volume.   👁 If possible, be visual.

2

Brainstorm

Write down any ideas that come to mind
that address your problem statement.

⏱ 10 minutes

KARTHICKRAJAM	XAVINM	LOGARATHANX	KAVIVARASANR
Aesthetic of Design	User Friendly	Keeping facilities among users	Real component sensible
Having accurate attentive abilities in a secure manner	Responsive UI	Product and social media marketing	The location of the problem is battery
Email notification functionality	Customer pain consumer	User instructions	quality foods
Dynamic database updation	Message and info confirmation in secure and context	user feedback	clear consumers
Simple and direct action and consumers	User security	Data reader and light mode UI	customer details, safe and secure
Unlearning out government	Keep track of users	First fixing of bugs	[illegible]

3

Group ideas

Take turns sharing your ideas while clustering similar or related notes as you go. Once all sticky notes have been grouped, give each cluster a sentence-like label. If a cluster is bigger than six sticky notes, try and see if you and break it up into smaller sub-groups.

④

Prioritize

Your team should all be on the same page about what's important moving forward. Place your ideas on this grid to determine which ideas are important and which are feasible.
